

SEA LEVEL

ENGINEERED HARDWOOD FLOORING

SIMPLY
INNOVATIVE

The Sea Level collection is a return to vintage European design. These beautiful, classic and refined floors are crafted out of European White Oak, a premier hardwood species that has been used for everything from flooring to shipbuilding over the centuries due to its stability.

These floors feature authentic sawn-cut style and are lightly sculpted and wire brushed by hand. The boards are generous widths and lengths, and the surface is treated with our exclusive Nu Oil® finish for a classic style and elegance.

PLANK DIMENSIONS: 7½" x 6'2" RL
