Timeless Beauty.

Inspired by one of the most precious and now rare Italian marbles to be found in the Carrara area, Bianco Statuario is designed with veins that migrate from gray to black, on a bright white background. The marble of reference is known for its prestige, used to create sculptures, pottery, attractive tables and to pave historic Italian buildings.

Produced in three different sizes, it is ideal to satisfy both the most classic, sophisticated and contemporary taste when combined with a modern design and refined colors. Today the white marble essence is one of the major trends loved by interior designers worldwide, an eternal material both in the graphic essence and in the precious features of porcelain stoneware.
