

TWIN PEAKS

SOLID HARDWOOD FLOORING

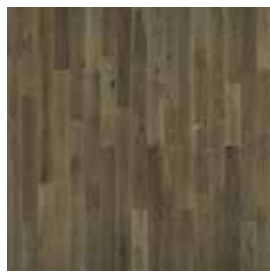

SIMPLY SAVVY

The new Twin Peaks collection has a traditional hardwood look with wire brushed texture, handcrafted edges, and sculpted profile creating more visual interest on the wide 5" surface. The range of warm, rich historic-European inspired colors and timeless tones provides a perfect color pallet. The hickories bring a wildly beautiful grain pattern, where the oak floors have the classic tighter wood grain with subtle color variation from plank to plank.
