I Travertini New Colours

I Travertini, universalità materica

Italgraniti espande le potenzialità espressive della collezione I Travertini con le nuove tonalità Silver e Classico.

I Travertini Silver, ideale per le ambientazioni più moderne ed essenziali, si ispira ad alcune fra le varietà più pregiate di questa pietra dal fascino eterno e ne esalta la profondità. Un colore che fonde gli accenti del grigio argento e del grigio perla con i toni caldi dell'avorio e del beige in una delicata armonia fra suggestioni materiche e sobria eleganza contemporanea.

I Travertini Classico avvolge gli ambienti con una morbida nuance crema, perfetta per creare atmosfere equilibrate e accoglienti, creando un raffinato effetto decorativo.

I Travertini, the universality of material

Italgraniti expands the expressive potential of the I Travertini collection with the new Silver and Classico shades.

I Travertini Silver, ideal for contemporary and essential interiors, draws inspiration from some of the most prized varieties of this timeless stone, enhancing its depth and natural character. A sophisticated hue that blends silver and pearl grey accents with warm ivory and beige tones, creating a delicate harmony between tactile appeal and understated contemporary elegance.

I Travertini Classico envelops spaces in a soft, creamy nuance, perfect for creating balanced and welcoming atmospheres while adding a refined decorative touch.
