BONDI

Encaustic tiles were developed over ten centuries ago, reemerging across various Mediterranean cities during the 19th century. At Aparici we recovered this concept with an elegant selection of individual designs which compose our Bondi Collection. This porcelain collection will be an excellent choice for any area of your home due to a new technique developed by us that offers a smoother finish with a higher adherence and anti-slip rating, thus, making it ideal for bathrooms and kitchens as well as any other room in your home.

Hace más de diez siglos que los hidráulicos fueron desarrollados, resurgiendo a través de varias ciudades mediterráneas durante el siglo XIX. En Aparici recuperamos este concepto con una elegante selección de diseños individuales incluidos en la Colección Bondi. Este porcelánico es una opción excelente para cualquier espacio del hogar debido a una novedosa técnica propia que ofrece un acabado más suave pero con mayor adherencia, convirtiéndola en una solución ideal para baños, cocinas así como otras zonas del hogar.
