MID-CENTURY INSPIRED

shown on front: **BNV40 8x48** Macchiato

Infused with the spirit of Rovere wood, also known as European Oak, Bellanova from Florida Tile invites you to explore the intersection of classic charm and modern design. This collection pays homage to the strength, durability, and distinctive grain patterns that define natural oak. The visuals range from straight and uniform to intricate, creating depth and contrast for spaces that resonate with the timeless characteristics of mid-century inspiration. Available in 8x48 planks and a contemporary, linear mosaic reminiscent of ribbed-slat wall paneling, Bellanova provides the canvas for a clean, modern aesthetic.

With a color palette reflecting the natural warmth of wood, Bellanova offers five choices to elevate your space:

Foam

This light hue enhances the natural grain patterns of the oak, adding a subtle yet sophisticated touch.

Crema

For those seeking a classic and versatile look, Crema offers a natural oak finish with the subtle warmth of light wood tones.

Honey

With its golden-brown tones, Honey showcases the inherent beauty of the European Oak. It pairs well with earthy tones and neutral colors, as well as with other warm wood finishes.

Macchiato

This medium oak color, with rich caramel hues, adds warmth and sophistication to both traditional and contemporary interiors.

Espresso

With its dark brown hues and hints of espresso, this color option adds a touch of luxury and elegance, creating a striking contrast against light-colored furnishings.

Bellanova color body porcelain tile is appropriate for most residential and commercial interior, dry and wet applications including walls, countertops, backsplashes, and floors. Made in the USA at our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY, it includes pre-consumer recycled content and is GREENGUARD® and Porcelain Tile certified. Incorporated into the tile surface is Microban® antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.

² These values are based on actual sizes including the grout joint.

³ May not apply to textured surfaces or tiles with uneven back patterns such as mesh mounted mosaics.

Typical Uses

Bellanova color body porcelain is appropriate for most residential and commercial wall, countertop, backsplash, and floor applications.

Notice: Not all flooring products are suitable for wet areas, specialized applications, or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI® A137.1) for ceramic, stone, and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED® points and the ANSI® approved NAHB® Green Building Points.

Notes

Color, texture, and finish variations may occur due to the nature of the product.

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.

Country of origin and other product features and characteristics are subject to change due to manufacturing efficiencies and other factors. See retailer or product packaging to verify country of origin and other product characteristics.
