GLAZED PORCELAIN FLOOR & WALL TILE

EXCURSION HDP High Definition Porcelain®

Shown on front: **EXN10 8x36** Zion & **EXN21/M8x8** Denali w/Zion Parquet Mix Mosaic

There is something magical about traveling through the rugged countryside and forests of our national parks. The adventure of seeing mountain vistas and experiencing vast canopies contribute to an unquenchable wanderlust for nature. These journeys are about more than sight-seeing. They are about nourishment and learning, about protecting what sustains us, about building relationships with the outdoors and with each other. This was our quest when developing Excursion^{HDP} from Florida Tile.

This wood-look collection exudes character with an interesting blend of wood species – including reclaimed dead fall wood, knots, splits, and striking ash grain visuals. Creative license was taken to achieve a look that is otherworldly and impossible to create with real woods due to the way stains are absorbed in each individual species. A premium glaze and a light punch create a surface with a smooth matte finish. High durability and beautiful colorations complete the look. Available in an 8x36 plank and five parquet mix mosaics, this line of awe-inspiring wood graphics is well suited for both residential and commercial spaces.

Five distinct colors reflect the beauty and variety found on an excursion through the national parks and bring this collection to life. Zion, the lightest of the five colors, is a bleached taupe with soft gray graining. Denali is a smoky blend of light and dark grays. Rainier features honey browns and deep grays. Sequoia has a sepia background with rich chocolate striations. Badlands is the most dramatic of the colors with a dark roasted coffee tone.

Manufactured using proprietary HDP—High Definition Porcelain® printing technology and with the technical performance of porcelain, the Excursion^{HDP} collection is appropriate for most residential and commercial wall, countertop, backsplash, and floor applications. It is made in the USA in our Green Squared Certified®, Advanced Manufacturing Center in Lawrenceburg, KY. It includes pre-consumer recycled content and is GREENGUARD® and Porcelain Tile certified.
